DINNER MENU

THE STORY

Bully's Chop House opened in the spring of 2009 with the intention of becoming the region's premiere restaurant known for hand cut and smoked meats. You may have noticed our Southern Pride Smoker on your way in; it is attached to our building and a key ingredient to our success.

We dry rub our meats with a blend of seasonings that we make from scratch and all of the meats are slow cooked with our Brisket taking just over sixteen hours. We use hickory logs in the process and this guarantees a great smoke flavor that has become our trademark. All of our meats have a unique pink hue which signifies a true smoked product; NO LIQUID SMOKE HERE.

Here at Bully's we believe in creating a fine dining experience that consists of both high quality products and exceptional service but in a fun and value oriented environment. We use fresh ingredients and buy many of our items locally. This helps us offer a high level of quality and freshness as we support our neighbors and members in our community that are also our guests.

We change our menu three times per year and rotate our items to reflect the seasons. We are sincerely grateful that you are here and appreciate the opportunity to share these items and to serve you. If there is anything that you need, please do not hesitate to ask.
